

To Whom it may Concern

6th January 2009

Reference for Ms Tara Nair

Ms Nair had been working in our company as a Software Engineer for the period from 10th October 2007 until the 6th January 2009 and her end salary was HK\$23,000 per month. Ms. Nair left Kingsmith of her own accord to gain experience in other programming fields and we wish her well in her future career development. We have been pleased with her work and we would happily reemploy Ms Nair in the future and we are sure she will be a valuable asset to other employers.
